

3 adjustments to node project

Switch text and icon when toggle between night mode and light mode

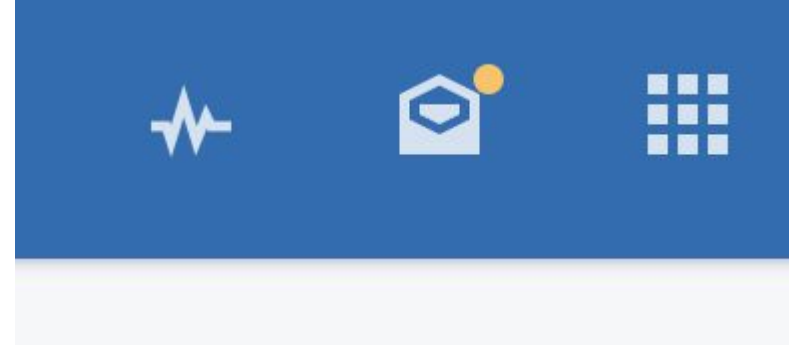

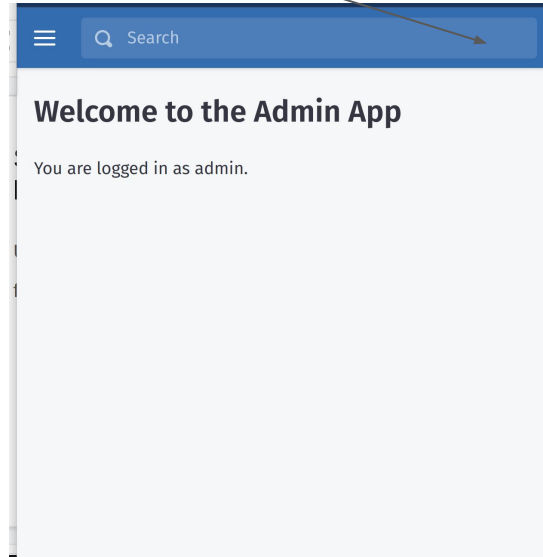

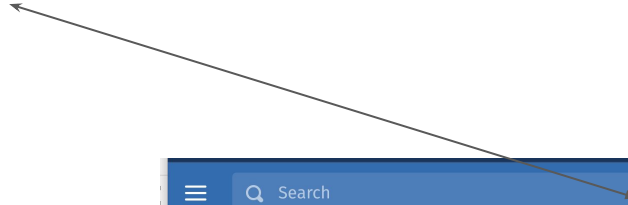

Use icon:

fa-sun

Show navbar buttons in mobile view

Bring icons here

Change font, in `_variable-custom.scss` and `_variable-custom-dark.scss` and make sure it picked up and compile them with sass

```
@import  
url("https://fonts.googleapis.com/cs  
s?family=Source+Sans+Pro:300,40  
0,600");
```

The font should be:
font-family:Source Sans
Pro,Helvetica Neue,Arial,sans-serif;

Try to make the font look like:
